

Bentley Prince Street's "Cathedral Square" - Made from Premium New Zealand Wool - Redefines Style & Warmth with Comfort

A Classic Pattern Meets a Color Palette Inspired by Earth's Mineral Resources

Los Angeles, CA – [March 3, 2010] – [Bentley Prince Street, Inc.](#), manufacturer of award-winning commercial broadloom and carpet tile products, announces the launch of its newest broadloom offering, Cathedral Square™, made from premium New Zealand wool. In keeping with Bentley Prince Street's commitment to sustainability and quality products, wool is renewable and provides durability unmatched in any natural fiber, maximizing installation longevity and reducing its net impact on the environment. Cathedral Square is an ideal choice for the hospitality, residential, retail or corporate sector.

Cathedral Square is a tufted textured loop broadloom made of 100% New Zealand Wool with Action-Bac®. Modern innovation alongside wool's rich history creates an effect that is distinctive and stunning. Bentley Prince Street continues to diversify its perspective by capitalizing on the best that man and nature have to offer. Diversifying the yarn content of product offerings with renewable resources is part of Bentley Prince Street's overall strategy towards achieving its promise to eliminate any negative impact the company may have on the environment by the year 2020.

"This product excites us because it brings together so many of our core values; style, quality and sustainability," says Anthony Minite, president of Bentley Prince Street. "We work hard to meet the needs of our customers and it's extremely gratifying to deliver a product that we know will bring style and value to high traffic spaces."

Cathedral Square is elegant, resilient and its exceptional texture, available in ten beautiful neutrals, is tufted to showcase the incomparable beauty of wool. Additionally, fire resistance, soil and stain resistance and natural resilience are inherent properties of wool that contribute to superior appearance retention.

"It doesn't get more natural than wool," says Valerie Ottaviano, vice president of design, Bentley Prince Street. "By using premium New Zealand wool we were able to give Cathedral Square a plush texture that blends traditional styling with an unmatched sumptuousness."

Defining style, color and service for 30 years, Bentley Prince Street manufactures and markets award-winning broadloom and carpet tile products for all commercial interiors across the globe. Based in Los Angeles County, California, Bentley Prince Street is recognized for leadership in product design, style, customer service and sustainable practices.
