

Bentley Prince Street's New Global Vistas™ Collection Luxuriously Aligns Culture & Elegance in Public Space

New Broadloom Design offers Durability & Resilience that's Elegant & Modern

Los Angeles, CA – [May 19, 2010] – [Bentley Prince Street, Inc.](#), manufacturer of award-winning commercial broadloom and carpet tile products, announces the launch of its newest broadloom offering, Global Vistas. The Global Vistas Collection reflects the world's beautiful, must-see destinations with a selection of vivid patterns that span traditional, transitional *and* contemporary styles. It's the perfect complement for highly visible, heavy traffic areas including hospitality settings, banquet halls, apartments, ballrooms, assisted living and senior environments. The company will debut the Global Vistas Collection during Hospitality Design Expo in Las Vegas, May 19-21, 2010 (Booth #720.)

The new line of luxury carpets is comprised of premium, 100% solution-dyed twisted and heat set nylon, skillfully woven for an unmatched sumptuousness. The construction also features an odor-free synthetic backing. Global Vistas, as with all of Bentley Prince Street's standard broadloom products, is certified to the NSF 140-2007 Sustainable Carpet Assessment Standard at the Platinum level.

"We understand the need for progressive, transitional designs in today's marketplace," says Anthony Minite, president and CEO. "We designed Global Vistas with rich, plush patterns that make spaces appear more dimensional while complementing coordinated interiors."

"This new collection shares in a rich history of color, with each colorway crafted as its own masterpiece," says Valerie Ottaviano, vice president of product design. "Many colors in the Global Vistas yarn bank have direct ties to some of our best-selling lines, resulting in stunning colorways that coordinate effortlessly."

Designers may look to the Easy Street™ Collection by Bentley Prince Street as a product line to coordinate with Global Vistas. Both lines are comprised of premium nylon, and as Global Vistas concentrates on the patterned area, Easy Street focuses everywhere else. Together, both lines create the most cohesive collection in today's marketplace, allowing designers a one-stop-shop to realize their creative vision.

Defining style, color and service for over 30 years, Bentley Prince Street manufactures and markets award-winning broadloom and carpet tile products for all commercial interiors across the globe. Based in Los Angeles County, California, Bentley Prince Street is recognized for leadership in product design, style, customer service and sustainable practices.
