

BENTLEY PRINCE STREET®

Global Vistas Collection and Vermont Square & Westlake Wool Products Nominated for Interiors & Sources Magazine's Reader's Choice: Best Products of 2011 Awards

Voting ends October 28th

Los Angeles, CA - [October XX, 2011] Bentley Prince Street's Global Vistas™ Collection, as well as its Vermont Square™ and Westlake™ wool products, caught the eyes of Interiors & Sources Magazine editors this year and hopefully readers too. As products that appeared between the magazine's pages in 2011, they are automatically eligible to win a Reader's Choice award. Readers can [vote online](#) for their favorite Bentley Prince Street nominee in the flooring category between now and Friday, October 28.

The Global Vistas Collection reflects the world's must-see destinations with a selection of vivid patterns that span traditional, transitional and contemporary styles. It's the perfect complement for highly visible, heavy traffic areas including hospitality settings, banquet halls, apartments, ballrooms, assisted living and senior environments.

Vermont Square and Westlake are two offerings in Bentley Prince Street's family of wool carpet products. They are named for two historic sections of Los Angeles and provide the perfect balance of class, color and character. With a timeless aesthetic, versatile color line and earth-like texture, these two products will work well in corporate, hospitality and residential settings. In addition, wool's natural fire, soil and stain resistance contribute to these products' superior appearance retention.

Interiors & Sources features some of the most innovative products on the market, and now it's time for the Readers to choose their favorites in the third annual Reader's Choice: Best Products of 2011 awards. To vote, visit the [official website](#) and select the flooring category from the top of the page. Scroll down to select the Global Vistas Collection, or Vermont Square and Westlake. Readers are only allowed one vote per category. Then click "submit my vote" to complete the process. Winning entries will be highlighted in the Interiors & Sources December issue.
